RE: **Classified Employee of the Year Award Nominations**

In November 1989, the Clinton Board of Education approved an appreciation program that recognized an outstanding classified employee of the year. A selection committee comprised of classified staff, teachers, and administrators, met to discuss the eligibility criteria, review the nominations and choose a winner.

To that end, the selection committee established the following criteria for determining eligibility for the Classified Employee of the Year Award:

- Minimum of three (3) years employment in Clinton Public Schools
- Good interpersonal skills and consistent positive attitude
- Dedication to the students of Clinton by providing service above and beyond what the regular job requires without additional compensation
- Flexibility
- Is not a past winner

Any staff member can submit **one** signed nomination form (see the back of this page or go to our website, click "For Staff" and then "Forms"). **Please be sure to provide specific examples of how the nominee has demonstrated the qualities listed above** as this is an important piece of the selection process. Also note that nomination forms will be shared with the nominees at the conclusion of the process. **The deadline for submission is March 29th.**

This is a wonderful time to recognize someone who gives so much to our district!
